

AMENDMENT(S) TO THE SPECIFICATION

Please delete the paragraph beginning at page 1, line 4, with the following rewritten paragraph:

~~The present invention relates to a toy building block according to the preamble of claim 1. It also relates to a screw suited to be used in the toy building block according to the preamble of claim 11, and a screwdriver tool according to claim 14.~~

Please replace the paragraph beginning at page 2, line 4, with the following rewritten paragraph:

~~The first mentioned object is attained by the toy building block defined in claim 1 described herein. The further claims define preferred Preferred embodiments thereof, fastening means, which resolve the 2nd second object, and a tool for operating the fastening means are also disclosed.~~
